Message From CMD

The **Harikrushna Machines Pvt. Ltd.** - Turnkey Project team consists of a diverse yet cohesive pool of experts with a feedback-rich dynamic environment that embraces change and learns from their collective experiences. We thrive on innovative design, validation, construction & in-operation Pharmaceutical plant is ready for operations. This adds value to our clients and their subsequent end-users and also adds great intrinsic value to our talent pool.

I take great pride in the team that we have nurtured at **HMPL** Turnkey division. Every individual is passionate and self-driven with a strong application bias and can work well in a team and as a leader based on the need of the hour. Their indomitable resolve to find solutions to our client's problems, big or small, helps in increasing the quality and productivity of their concept to operations thereby giving impetus to high-quality, affordable Ready to deliver the pharmaceutical product.

The core purpose for us to be in business is to add tangible value from a strategic business Idea to Commercialisations. We always thrive to serve our valued clients with the best & most comprehensive technical consulting and End to end (Turnkey solutions for Pharma Plant Establishment).

For an organization that is in a technology-intensive & human care space, I strongly believe that our most prized asset is our human capital, for their intellect and diligence improve our business by leaps and bounds. As someone who oversees the operations, I have focused on ensuring that our talent is aligned with our Mission and Vision in order to evolve as a leader in the Consultant & engineering space for the Pharmaceutical Turnkey project.

I always challenge my team to look beyond our current paradigms for new & better ways of serving to exceed our client's expectations and be Future Ready. The culture at HMPL is forged by hard work, learning, tough decision-making, and creative solutions.

VISION

With the help of the latest technology, adroit staff and engineering excellence, we aim to satisfy our clients better and help set up, through our consulting services, some of the most distinguished engineering masterpieces across the globe.

MISSION

Commitment towards Quality: We, through our processes and talented staff, want to ensure that the highest level of quality is being offered to the clients.

Commitment towards Technology: Heralding state of the art technology into the organisation is an objective that will help us offer tech savvy solutions.

Commitment towards Cost: All our offerings are meant to be economical to efficiently fit into any budget.

Commitment towards Clients: Our ultimate commitment is towards our clients, whose satisfaction and success is our prime objective.

Commitment towards the Globe: Eventually, it is the earth which offers us place to stay. We wish to do our bit towards the environment and make our solutions eco friendly.

HARIKRUSHNA MACHINES PVT. LTD.

QUALITY POLICY

HARIKRUSHNA MACHINES PVT.LTD. is Committed To Design, Manufacture & Supply Best Quality Of Plant & Machinery, Customized Equipment & Spares Parts Along With Dependable After Sales Services In Compliance With National And International Standards With Due Focus On Performance, Reliability And Safety.

HARIKRUSHNA **MACHINES PVT. LTD.**

TURNKEY PROJECT SERVICE:

Players In The Pharmaceutical, Cosmetic, Dairy And Beverages Industries Can Enjoy The Freedom From Worries And Problems. With The Turnkey Project Solution Provider, Offered By **HARIKRUSHNA MACHINES PVT. LTD.** Companies Are Relieved Of Almost All Their Responsibilities. All The Client Companies Have To Do Is To Sit Back And Watch Their Projects Being Successfully Consummated.

POST COMMISSIONING SERVICE

A Successful Setting Up Of The Facility Is Not The Only Pre Requisite To Run A Manufacturing Firm. Maintenance Is An Essential Part Of It Too. Over And Above The Requirement Of Maintenance For The Continuation Of Good Running Condition Of The Machines And Other Parts, Facility Maintenance Is Also Mandatory As Per Various Regulatory Standards And Authorities. This Is Especially The Case With Industries Like Pharmaceutical, Where Quality Management Stays The Topmost Priority.

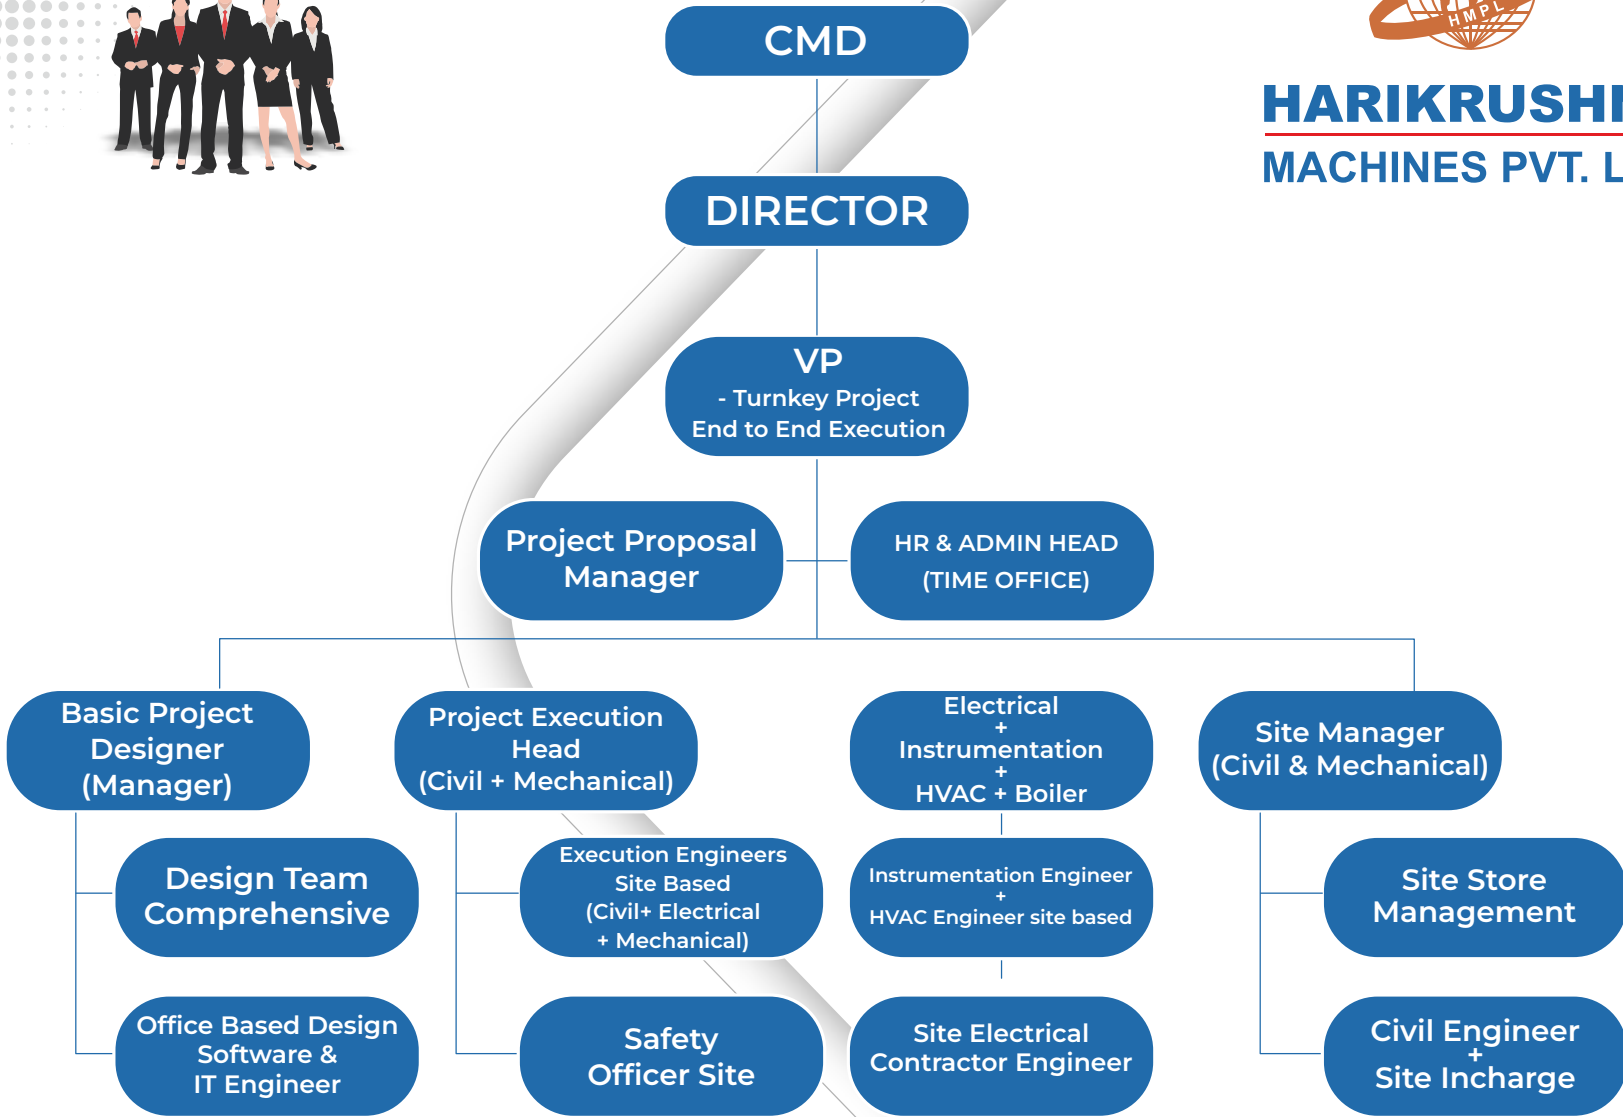

EXISTING PLANT SERVICE

In The Dynamic World Of Today, Firms Need To Continuously Be On The Lookout For Opportunities Of Expansion. **HARIKRUSHNA MACHINES PVT. LTD.** Can Support Such Requirements As Extension, Line Extension And Even Plant Modification For Its Clients, All Of Which Are Done With Adherence To Various National And International Regulatory Standards.

TURNKEY FACILITIES OFFERED

A

Organized necessary pilot plant & Co-ordinate with market unit, produce sufficient pilot plant facility for consumer research, Co-ordinate with productivity and purchasing with legal unit Production rule for marketing.

B

Retail customer and pricing - pricing below the competition - Price lining - multiple pricing Material Cost- labor cost- overhead cost

C

The concept of Quality variances management system for consumer helps in productivity & competitiveness improving

GMP - Good Manufacturing Practice

ISO - HACCP (Hazards Analysis & Critical Control Points-Food Safety)

Six - Sigma - Improve the productivity

ISO COMPLIANCE

ISO 9000

- Set of procedure that covers all the process in the business
- Monitoring manufacturing process to ensure the producing quality product
- Keeping proper records
- Checking out going products for defect
- Facility continual improvement

ISO 14000

- Information and related to environmental
- Labeling, performance evaluation, life cycle analysis, communication and auditing
- Identify & control the environmental impact of the activity
- Improve its performance for environment continuously

ISO 22000

- Adopting the manufacturing technique in respect of the quality of raw material parameters
- Uses of ingredients
- Personal hygiene
- Management system
- Interactive management
- Upstream & Down Stream (Customer & Suppliers)
- Communication essential for Identification
